The restaurant Vineyard is located amidst the picturesque vineyards of the Kamp valley. Allow the evening to pass whilst enjoying a breathtaking sunset on our vineyard terrace or on our vineyard table.

The wines are combined with creations of the region's finest products and interpreted with a touch of international cuisine. Indulgence is entirely individual, but still straightforwardly staged and, what is more, the magnificent wines of the Kamp valley and the Wachau play a vital role.

BUSINESS EVENTS & MODERNITY

The exciting modern architecture of Steven Holl ensures a special atmosphere for seminars – the newly paneled area on the upper floor offers the most convenient location. Calm. Flexible. Successful.

As an additional component the open spaced basement offers a unique, architectural surroundings for product launches, presentations and events. Ideas for the culinary component of your seminars or events – from the champagne reception with finger food, via cold vintner buffet, through to a gala dinner – everything is possible! Open. Functional. Persuasive.

BUSINESS SEMINARS & TRADITION

As a clear antithesis to modernity, the traditional, historic ambience of the restored vintner's house of the year 1924, the "10er Haus", will convince the guest to spend fine business seminars here. In combination with, or as a clearly searched for antipole to the modern LOISIUM visitor centre. Traditional. Contemplative. Unique.
