## Hotel lobby

The lively center in our Reichshof Hamburg offers impressive architecture and design elements from various stylistic periods that meet the dynamic atmosphere of a big city. The „Sushi & Sweets“ at the hotel lobby serves selected wines, special „Afternoon Tea“ and hand-rolled sushi. A salon offers room for unconventional communication on a „Business Table“, internet terminals and retro record player. The lobby provides a vibrant and urban lifestyle through a media music concept and an effective light initiation.

## slowman Restaurant

Pleasure in a curious way. We cook in the rhythm of nature with high quality, handmade and sustainably produced food. Experience an inspiring time in our historic restaurant „slowman“, in the lobby „Sushi & Sweets“ and „Bar 1910“ in the style of the twenties.

## Rooms

Take a rest. Our 278 rooms (18-35 sqm), junior suites (from 40 sqm) and one bedroom suites (from 60 sqm) styled in Art-déco provide elegant shapes, charming individuality and are a pleasant retreat at the same time. Stay in spacious rooms with high ceilings-features:

## Spa & Sports

Stimulating relaxation. Here you can recharge your batteries and forget the hustle and bustle of the day. There is a sauna, a steam bath, relaxation room and gym area available. The Spa also offers guests not staying at the hotel, high quality beauty treatments and massages.
