BELGRADE

WELCOME

Belgrade

Belgrade is an exciting mixture of rich and diverse history, culture, architecture and urban spirit.

With some most attractive locations such as Belgrade Fortress – the oldest cultural and historical monument, Skadarlija – the bohemian quarter in the city centre, Knez Mihajlova Street, the Old and New Place, Federal Parliament, Tempe of St.Sava, Zemun and many other famous locations, Belgrade is undoubtedly the cultural center of south-east Europe.

The confluence of the Sava and Danube Rivers forms a natural oasis in the heart of a modern city, and that very spot next to the Victor statue is the most beautiful lookout point in Belgrade. River banks never sleep: on floating restaurants and in cafes, visitors can have a cup of coffee, eat a specialty fish dish, listen to music, and have fun.

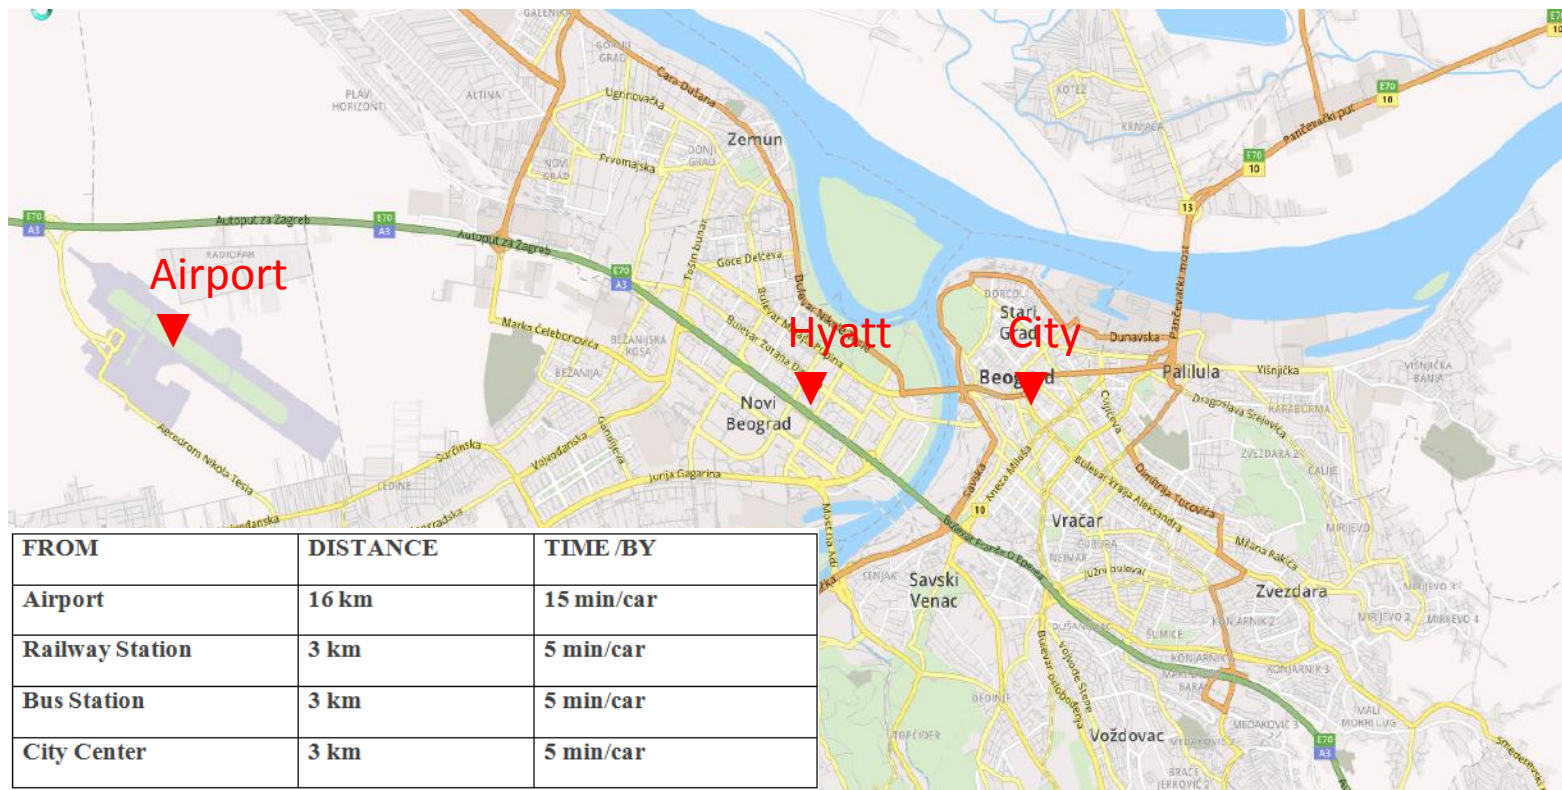

Belgrade, also known as a “City of the Future”, is the fastest growing congress destination in Europe and has many natural and economic resources.
