

THE CALL OF THE MOUNTAINS – CONFERENCES IN AN ALPINE SETTING

» Elegant design, state-of-the-art technical facilities and personal service – these are the features that characterise conferences at the Mountain Design Resort Hotel Kitzhof, and you will find them reflected throughout our entire conference area and in all its sections. Five seminar rooms (340 square metres) can be combined with one another. Each of them has access to our garden, and there are two high-quality meeting rooms at the lobby level. Together with the Kitzhof Suite and the fresh air of the Tyrolean mountains, these facilities provide perfect conditions for a successful event.

Our elegant event section Kitzbüheler Alpen has plenty of natural light, antique wood, loden material and space for up to 250 delegates. Depending on the occasion, the hall can be divided into five rooms, separated by sound-proof partitions. Suitable décor and hand-carved, gold-plated chandeliers from Italy will transform it into a large ballroom for grand occasions and parties that can be celebrated in style. If you wish, the garden, too, can be integrated into your conference plans, with numerous options for open-air receptions. The two elegant meeting rooms, St. Moritz and Lech, at the lobby level and the Davos Room at the garden level provide a stimulating and natural ambience.

We offer our guests an environment that is truly professional in every way. The seminar service is handled by a superbly trained and motivated workforce, and our guests greatly value our fast and simple paths of communication.

However, we do understand that planning and implementing different events outside your own company premises can be quite a challenge. Our experienced staff will therefore be happy to provide you with advice that will meet your specific needs. «

We look forward to seeing you.
