On the exclusive coast of Elounda, the natural beauty comprising of lush vegetation, high mountains and incandescent blue waters surround the Resort. Heraklion International Airport (HER) is 78 km and approximately one hour drive from Blue Palace Resort & Spa.

DESIGN & ARCHITECTURE

Designed to blend to the Mediterranean landscape, the architecture & interiors of the Resort have drawn on the Arabic, Turkish and Venetian periods of Crete's past. Modern and impressive, the design of the hotel is evidently grounded on the eastern and western influences that have formed the island's architecture. The result is a haven of contemporary luxury at impeccable peace with its surroundings, entered through a graceful replica of the 13th century shipyard at Heraklion.

Blue Palace Resort & Spa guest rooms feature furnishing to ensure that each stay is as stunning and serene as the beauty outside. Generously sized guestrooms range from the Superior Bungalow Sea View to the spacious bi-level Two-Bedroom Deluxe Private Heated Pool.

Superior Bungalows take in the soothing natural beauty of the Mediterranean Sea ahead. Superior Bungalows with their own plunge pool are spread throughout the Resort offering breathtaking views of the Spinalonga Island and are the premier room choice, while the bi-level Two-Bedroom Deluxe is ideal for families. Guests enjoy additional benefits like local alcoholic aperitifs, seasonal fruits and Greek delicacies upon arrival and refreshing bottles of water daily.

A wide array of suites, with an elegant and fine décor and exceptional views ensure an ultimate romantic stay. Starting at 54 square meters (581 square feet) our suites vary in layout (open-plan, bi-level and one bedroom) while most offer private pools surrounded by verandas equipped for daytime relaxation and in-room dining.
