MEET  
WORK  
STAY

*A place where great ideas are born*  
*A place where ideas fuel innovation*  
*A place where networks grow*  
*A place where knowledge is transferred*  
*A place where business accelerates*  
We are that place

**Postillion Hotels**  
*Where it is all about feeding brains*

To **impress** to the max – To **interact** to the max – To **experience** to the max

Utrecht  
The Netherlands

## The City

### Medieval city centre

Located in the heart of the most competitive region in Europe, Utrecht is the city for business meetings par excellence. Utrecht is a vibrant city of knowledge with young, brainy residents, a thriving creative sector and attractive business locations, just 30 minutes from Schiphol Airport and at the junction of the country's key motorways and railway lines.

Tourists and visitors speak highly of the medieval city centre with its unique monuments, impressive modern architecture, inspiring cultural scene and the beautiful green surroundings rich with historic treasures and stories, all of which are best discovered the Utrecht way: by bicycle. Crowd-pleasers are the centuries-old wharf cellars, which you won't find anywhere else in the world, and the tallest church tower in the Netherlands: the Domtoren (Dom Tower).

The palpable energy in the city also comes from the large numbers of students, innovative entrepreneurs and pioneering initiatives related to sustainability, life sciences, technology, health and gaming. Utrecht's extensive network of knowledge-intensive businesses and institutions, with Utrecht Science Park, the largest knowledge centre in the Netherlands, serving as the vital link, make the city exceptionally suited to organizing academic conferences

## The City

### Smart City

Utrecht Science Park is where academics and entrepreneurs join forces to provide a collective, significant boost to the regional economy. Key features include Utrecht University, the best research university in the Netherlands, the University Medical Center Utrecht, which is one of the largest public health care facilities in the Netherlands, and more than 80 companies and research institutions involved in sectors such as sustainable economics, gaming, financial and business services, ICT and life sciences.

All of these parties work together with the municipality and residents of Utrecht to create a green, healthy and smart city. This includes applying innovative solutions in the use of the limited space, experimenting with open data applications and other technological solutions, and encouraging clean energy alternatives to fossil fuels. Additional tactics include a significant increase in the number of electric cars and the construction of sustainable "net-zero energy homes." Utrecht was recently named 'smartest city centre in the Netherlands' in recognition of its smart approach to building a city of the future.

Utrecht's thriving economy, well-educated residents, rich cultural scene and wide array of historic and modern venues make the city an ideal location for business events such as conferences and meetings. From the modern Jaarbeurs to the historic Dom Tower, the fairy-tale Castle Kerckebosch and the elegant hotel Karel V: there are plenty of choices. The same can be said for nice, comfortable overnight accommodation in attractive surroundings.

## Brainfood

### Meetings work better with the right nutrition

Healthy food served at carefully chosen times ensures that business meeting participants stay more focused. Fats and sugars play a key role in this. For example, 'fast sugars' provide an energy boost, but the latter are very short lived and are followed by a marked decrease in energy. 'Slow sugars' ensure the balanced uptake and release of energy leaving you energized for longer.

When it comes to nutrition, Postillion Hotels approaches people at business meetings like professional athletes. We are the first in the Netherlands to introduce the Brainfood concept which enables every meeting or gathering participants to be able to perform to the best of their abilities!

### Brainfood

- ✓ Improves concentration
- ✓ Is full of healthy nutrients
- ✓ Reduces the after meal dip
- ✓ Good balance between energizers and modified meals

## Why Postillion Hotel Utrecht Bunnik

1. With 30 different meeting and conference rooms, we offer a diversified location suitable for the organization of anything from small groups to multi-day conference for up to 1000 participants;
