## ROOMS

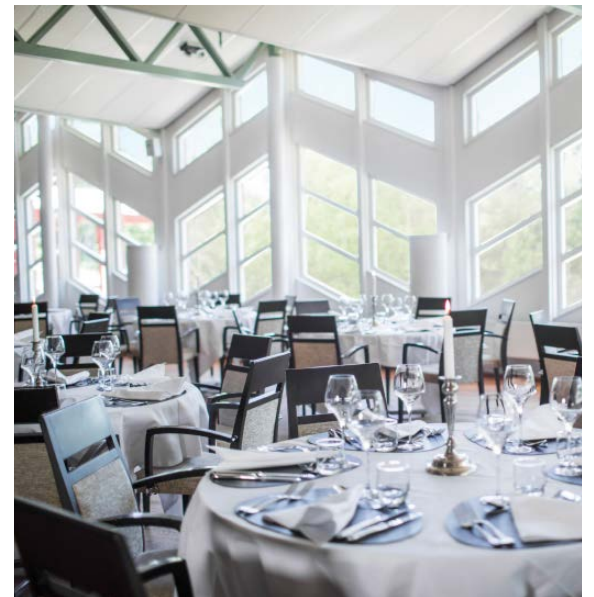

Radisson Blu Royal Park Hotel is the perfect place to enjoy your visit in Stockholm. Situated in beautiful Hagaparken, close to Mall of Scandinavia and Stockholm City. The hotel has 193 rooms, which are large and airy, non-smoking and have wooden flooring. Some of them have their own small terrace.

## FOOD & DRINKS

In our restaurant, our chef serves a mix of modern and traditional food with top seasonal ingredients. With our staff's personal care and service, we promise a real dining experience. The lobby bar provides a place to enjoy a cosy drink in front of the warming fireplace.

# AROUND STOCKHOLM

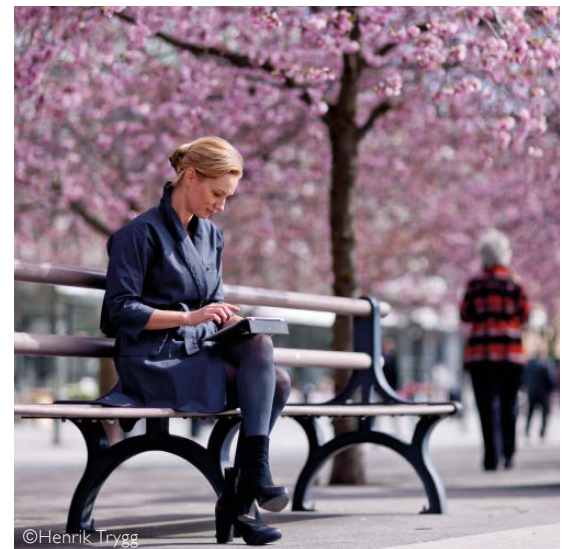

Stockholm is one of the world's most beautiful capital cities and boasts a real big city atmosphere in which modern steel and glass architecture is blended with the inner city's historical saffron and terracotta buildings. In the summer, the city's buildings are reflected in the sparkling waters surrounding Stockholm's 14 islands, and in the winter they are all covered in snowy winter jackets and sparkling light. Stockholm is a modern and vibrant big city.

It is well known for its innovative IT and media companies, tasteful design, bold fashion and top-class nightclubs. You can relax here in a cosmopolitan setting with numerous cafés and exciting restaurant concepts. The city also has one of the world's most

concentrated collections of museums and galleries. Despite that, the downtown area is so compact that you can easily get around on foot. Beyond the bustling throngs of people, city boutiques and restaurants, a magnificent city spreads across an interconnected system of islands.

Solna is located in a fantastic setting with a unique proximity to both the big city pulse and beautiful green areas. Shop in Mall of Scandinavia, experience a good concert or sporting event in the Friends Arena or stroll around the beautiful Hagaparken, three of the places you can not miss. You will also find many international companies in Solna which is an attractive workplace and a city that is constantly growing.
