WELCOME TO SCANDIC ANGLAIS

Scandic Anglais is located in the heart of Stockholm, right by buzzing Stureplan and leafy Humlegården park. The local area is a dream for shoppers and the hub of Stockholm's nightlife. Getting around is easy – the metro, buses and ferries are all within a short walk of the hotel.

Enjoy the Stureplan buzz at our popular Bar Anglais, a great place for laptop work, classic bar meals, music, lively after-work drinks or informal meetings. In addition to its two regular bars, the hotel also opens up its roof terrace in the summer, providing views of the city skyline and the National Library.

Scandic Anglais offers an energising breakfast buffet packed with organic options, plus a whole section devoted to vegans and guests with allergies and intolerances. The hotel also houses British chef Jamie Oliver's restaurant concept Jamie's Italian, which serves a rustic menu with an Italian twist.

After a session in the hotel's gym, there is a relaxation area with jacuzzi and sauna to wind down in. Scandic Anglais offers flexible conference facilities for 2–200 delegates and an event venue for up to 500 guests. If you're coming by car, we have a garage beneath the hotel with a direct lift up to the lobby.

Welcome!
