## 04 Outdoor pop-up meeting room

in the field, on the heath  
and in the forest

In spring and summer you can come to Kapellerput for a relaxing mind-map session or enjoy an outdoor meeting in peace and quiet. That's possible here. Pick a nice spot in the forest or on the heath. Or would you rather sit in the field? Because why would you want to work inside when it's a lovely day outside?

A photograph of an outdoor theatre. The seating consists of several rows of concrete steps built into a grassy hillside. In the background, there is a dense forest of tall pine trees under a clear blue sky. The foreground is a lush green lawn.

Just in a different  
environment

## 05 Outdoor theatre

A beautiful spot in our country estate. Surrounded by nature. Here you'll find our open-air theatre. With a platform and the forest as a backdrop. For a maximum of 200 people. As a change from the indoor activities. For special outdoor events. A presentation on the stage. A workshop. The kick-off. Plenty of opportunities. A different dynamic.

Or would you rather do something more light-hearted, such as our culinary musical chairs?

In between or after an intense day it's nice to be here doing something completely different
