Check out the new Scandic Kødbyen and stay in one of the trendiest areas in Copenhagen, with bars, nightclubs, galleries, and restaurants clustered around traditional butcheries that still operate in this setting. It's full of life and the talk of the town.

The hotel is designed to blend into the local surroundings. Its low buildings and distinctive look compliment the meatpacking district, yet injects new life to the area. The hotel embraces everything and everyone. You'll discover the energy, intimacy, and space for inspiring encounters.

All rooms are decorated with Nordic decor, with an eye to making the rooms feel like home and perfect for a good night's sleep. You can hang out in the hotel's spacious lounge, or work in peace while you contemplate the world over a great cup of coffee from the hotel café. Here you'll find cosy spaces, creative corners and casual sofas where you can enjoy your own company, meet other people, or just take a break from business or urban explorations.

The new restaurant is ready with quality meat and an Argentinian charcoal grill that makes steaks sizzle. Enjoy great food in an open kitchen, and dine right next to the ambitious chefs. The pulse in the kitchen energizes the ambience in the restaurant.
