

Casa Bonay

Nice to
meet you

Press release

Casa Bonay is the fruition of an idea carried out by a diverse team of collaborators. Among these creators you can find lighting, furniture, interior, fabric, and graphic designers, homemade soap producers, local weavers, international chefs, book editors, and coffee and wine experts. The one thing we had in common was that we admired each other.

Casa Bonay is a hotel set up in a neoclassical building from 1869 in the center of Barcelona. We have restored everything from the floors to the ceilings so you can experience Barcelona as we have.

The Rooms

We renovated this beautiful house from 1869 preserving all of the antique, hydraulic-tile floors, ceilings, and sliding doors, added our favorite lighting by Barcelona-based designers Santa & Cole, packed our minibars with our favorite whims, and designed our very own furniture together with local furniture designer AOO to make it into our dream hotel.

Restaurants and bars

We are huge food lovers, and that is why we have the best natural wine selection you will find, our favorite tapas, the best fresh local product, cold-pressed juices, and delicious coffee.

Our Chefs – The Bar Brutal Crew

First established in 2013, Bar Brutal became a place of reference for natural wine in lovers in Barcelona. Its extensive wine menu and carefully curated dishes attract crowds from youngsters, local neighbors and wine producers from all around, resulting in a unique, dynamic atmosphere. Bringing along their high quality products and experienced cooking that have always made them the best at what they do.

Our Barista – Marcos Bartolomé

Marcos from Satan's Coffee Corner is the meticulous type, and this is all very apparent in how he makes his coffee. Praised as one of the most renowned baristas in town, his original spot in the Gothic quarter of the city, opened in June 2014, has a cult following of coffee fanatics.

King Kong Lady is our little adventurous sister inspired by flavours from all around the world. The menu runs on local products enhanced with flavours from every continent like: Palamós prawns sprinkled with Madrás curry, soft shell crab with homemade havanero mayo paired with a most extravagant, all natural wine menu.

Libertine

Our Libertine lounge, an all-day, every day tapas restaurant/cocktail, is everything we wanted but couldn't find in our city. A place where you can come and work in silence, grab a fast and delicious cup of coffee, sit for hours over tea, read a book, organize meetings, go on dates, enjoy all your favorite comfort food at any time of the day, dance to our favorite DJs, listen to live music, and binge if you have the munchies until 1:30AM... Plus, Satan's Coffee Corner serves an evil breakfast here every morning.

CHIRINGUITO

Yup! This beach/jungle shack rooftop restaurant offers summer barbecue and tapas all year round, a natural wine selection, and your favorite cocktails.

SATAN'S

The second location of Satan's Coffee Corner at Casa Bonay. We included this spot because we wanted to offer a quick and perfect place for you to grab your daily morning coffee where you can also find fresh baked goods and cold pressed juices.

Shops

These are the shops at Casa Bonay:

Casa Bonay Shop

Our shop offers a selection of our favorite products designed exclusively for our hotel. You will find everything at our front desk 24/7.

Batabasta Shirt Makers

Batabasta designs shirts for men and women. They have designed our staff uniforms, cushion fabrics, and wallpapers. Their first shop opened here exclusively at Casa Bonay, and it is open 24/7! You can get a funky shirt at any time of day or night at our front desk.

Lino

Lino is a micro bookstore curated by the team at Blackie Books. Here you'll find a selection of secondhand gems, wonders from overseas, and unique editions as well as a few of our own titles.

Treats

Sailing club

Your stay with us includes free access to the sailing club Club Pati de Vela de Barcelona. We have one patin sail boat and two padel surfs available upon reservation at our front desk.

Private roof top for our clients

We have a special rooftop space designed for you to enjoy and relax with an exterior shower, restaurant service from Libertine and a Mediterranean orchard garden with city views.

Bikes

We have partnered with tokyobikes so you can bike around the city. Available upon reservation at our front desk.

Lifestyle at Casa Bonay

When you are a newcomer in a city, you have to add something to it. And that has been our intention from the beginning: to contribute to Barcelona's daily life with experiences that allow us to enjoy the things we like. This has been possible thanks to people like Pepi de Boisseau, Dani Baughman, and Juan Pablo Oviedo, collaborators of Casa Bonay. You can see the results on the following pages.

Bonay to the sea

We partnered with Kenneth from Narinan to bring people to spend one day at the sea. Enjoying the coast of Barcelona while Estanis our chef cooks for them.

Nica

Nica is a versatile space of 4.306 sqft in the center of Barcelona. It is divided into two areas. The first one, Nica Bar, is ideal for intimate celebrations. Whereas the second one, Nica Meetings, provides perfect natural light for business meetings, product presentations or photoshoots. Together they make the perfect space for large celebrations of all kinds.

Miralda Face To Face

Enrique Olvera

We invite our favourite friends and chefs to cook at our rooftop during the summer. Last year we had Enrique Olvera cooking amazing mexican food together with Estanis. And this year is the second year we had in the house Max Colombo from Xemei and Bar Brutal.

Movie nights

A couple of tuesday's every month we project a documentary or a movie at Libertine. We always try to bring the artist behind it, this year we had the honour to host Miguel Milà.

Brilliant Corners

We like to throw soirées. The revelry. The ruckus. The laughs. That is why Libertine is also a space intended for the enjoyment of night owls. Shows like those by Hocura and Gary Abugan of Invisible City, DJs, and archaeologists of African vinyl. Or hosting Brilliant Corners for an amazing evening concert and after hour dj set.

Neighborhood

We are located in the center of Barcelona in the perfectly peaceful Eixample Dret neighborhood, one of the most iconic areas of our city. We are a tiny walk and an even shorter bike ride from the beach, the Gothic and El Born city quarters.
