## HISTORY OF THE HOTEL

---

On **June 11, 1929**, the hotel officially opened as The Royal York. It was the tallest building in the British Commonwealth and quickly set the hospitality standard of the day. The magnificent hotel became known as a city within a city, rising in 28 floors of architectural splendor and replete with mechanical genius and opulence never before seen in Toronto. It boasted 1,048 rooms - each with radios, private showers and bathtubs. The 1.5 acres of public rooms included a 12-bed hospital, 12,000-book library and ten ornate passenger elevators. The Concert Hall featured a full stage and mammoth pipe organ weighing 50 tons, which surpassed anything else in Canada with 300 miles of copper wire. There was a glass-enclosed roof garden, the largest hotel kitchen in Canada with a bakery that could produce over 15,000 French rolls a day, a 66-ft.long switchboard manned by 35 telephone operators, its own bank and golf course (now known as St. George Golf & Country).

Today, after welcoming more than 40 million guests, The Fairmont Royal York continues to epitomize gracious hospitality as one of the most luxurious hotels in Toronto. Although the years have brought changes, many features are still intact - the magnificent hand-painted ceilings, the travertine pillars, ornate furnishings, crystal chandeliers and wall hangings. Elevator number nine still carries illustrious guests such as Her Majesty Queen Elizabeth II. On the big screen, The Fairmont Royal York, like the Waldorf Astoria, Biltmore and The Plaza in New York before her, has been featured in numerous movies. Guest rooms have taken audiences to Boston, New York, Poland, Vienna and the U.K., without ever leaving Toronto.
